

LAPTOP PROGRAM

The Lesley University Laptop Program is a comprehensive service for all students, faculty, and staff to purchase a laptop and receive technical support for your personally owned computer. Services include repair, virus removal, software installations, and component upgrades regardless of where you purchased your device.

Benefits include:

- Special pricing on state-of-the-art Apple and HP laptops configured to meet the recommended specifications for each major of study
- Extended hardware warranty
- Extended accidental insurance coverage, including spills and breakage
- Email mycomputer@lesley.edu for inquiries and computer repairs
- Microsoft Office 365 download available at no charge via Lesley's e-mail system
- Loaners available on a first-come, first-served basis while repairs are performed
- Laptop trade-in option
- Carrying case / sleeve
- Cat 6 Network Cable

For more details on the program and to view laptop models and pricing by major, visit **support.lesley.edu**, search for the Laptop Program article and click on the Laptop Purchase link in the article. This will bring you to Micros Northeast's website dedicated to Lesley University. If you have any pre-sales questions call Frank Cieri at Micros Northeast, 781.935.1456.

*Lesley University has partnered with local vendor, Micros Northeast, to offer a laptop computer purchase program and complete hardware support.
